

Delta Airlines (also applies to KLM, Air France & Virgin Atlantic flights)

Checked Baggage—International

Europe, China or Africa

Currently when traveling to or from most cities outside the United States you can check two bags, per passenger.

For customers traveling in economy class between the U.S. and China, Europe or Africa: **Your 1st checked bag is free.** You will be charged **\$100 US each way for the 2nd checked bag.**

Each bag must:

Weigh 50 pounds (23 kg) or less.

Not exceed 62 inches (157 cm) when you total length + width + height.

Carry-on Baggage

All Delta passengers are allowed one carry-on bag and one personal item that meet the criteria below.

Size and Weight Restrictions

If your carry-on bag doesn't meet these size restrictions it must be checked, and all **checked baggage** rules will apply. Your bag must:

Not exceed 45 inches (length + width + height), or 115 cm.

Fit easily in our Size Check® unit (approximately 22"x14"x9", or 56x36x23 cm).

Fit in an overhead bin or underneath the seat in front of you.

Personal Items

You're allowed one personal item from this sample list:

Purses, briefcases, camera cases, and diaper bags

Laptop computers (can't be checked and must be carried on)

Items of a similar or smaller size to those above

Other Carry-on Items Allowed

You may also bring these items onboard. They **do not count** toward your personal item.

Food items for immediate consumption

Assistive devices such as wheelchairs or crutches

One box or bag of duty free merchandise

A coat, jacket, or umbrella

You'll fly through the security check-in in most countries by following these guidelines for your carry-on baggage.

For all liquids, gels, aerosols, and pastes limit each container to a maximum size of 3.0 oz/100ml.

Place all such items in a single **quart-size, clear plastic, zip-top bag**. Remove your quart-size bag from your carry-on and place in the provided bin at the security checkpoint.
