

Dear TSA Tours Valued Travelers,

Due to recent coverage restrictions imposed by our travel insurance providers we will no longer offer comprehensive travel insurance as an inclusion for our Adult Groups. Alternatively, we have negotiated excellent policy rates on travel insurance for our adult travelers to purchase on their own. We highly recommend obtaining travel insurance when traveling abroad.

You can find our preferred insurance rates at the following website link. Please enter our agency number 45637 if prompted, to access these rates.

Follow the link or cut and paste into your browser. On the first page you'll enter basic information including travel dates, state of residence and birthdate. Enter \$0 for the tour cost to receive quotes for accident, medical, baggage and emergency coverage only. Coverage applies from flight departure to flight return.

Please feel free to contact us if you need guidance selecting your adult insurance plan from our provider, Travel Insured.

TSA Tours will continue to include comprehensive travel insurance for our Student Groups.

Sincerely,

TSA Tours
